## New State Requirements for Head Start Enrollment

We need your proof of residency/ mailing address, a utility bill usually works best but, you can use other items like a driver's license, car registration, even junk mail received at your home if it has the current mailing address on it.

We are approaching the deadline for your child to have their Health Exams, Immunizations and Dental screenings submitted to BIHS. This important health paperwork is part of your child's enrollment into the BIHS program.

If you needed help locating a medical or dental home for your child, please let us know. Thank you.
